ENVISION BASE SUPPLY CENTER

ENVISION BASE SUPPLY CENTERS | DEPARTMENT OF STATE

# Ordering supplies for your post

A quick reference for Desk Officers and overseas posts: find required supplies, confirm their status, and choose a delivery route before you order.

## The mandatory source requirement, in plain language

For supplies, follow the RFO FAR 8.103 source priorities: agency inventory, other agencies' excess, Federal Prison Industries, then AbilityOne Procurement List items. When a requirement is covered by the Procurement List, buy through the required AbilityOne source unless an authorized purchase exception applies. A government purchase card or small purchase does not bypass this requirement. Commercial products that are essentially the same as a listed item are also covered.

Authority: RFO FAR 8.103 and 8.202 | AbilityOne buying and ETS guidance

**PLACEHOLDER:** waiting on Justin to approve this paragraph and citation.

### Already working with another provider?

Envision is one compliant source for AbilityOne products. If your post already buys from another Base Supply Center or authorized AbilityOne source, keep using it. If you don't have one, we're here to help.

**PLACEHOLDER:** proposed wording, waiting on Sebastian.

## Three steps from requirement to delivery

### 1 Find it

Select products from the State Department's approved catalog. Search by NSN, part number, or keyword.

Shop EnvisionXpress.com | Browse AbilityOne products

### 2 Check it

Confirm the exact item and Procurement List coverage using the official list. Envision also sells commercial products, so website availability alone does not establish mandatory source status.

Open the official AbilityOne Procurement List, then select Search Products or download the Products List.

### 3 Choose the delivery route before checkout

**TO POST**

- For APO/FPO, look for the Ships APO badge. If an item doesn't have it, contact customer support to have it added or to find an approved replacement.
- Enter PSC, Unit, or Box as the street address. Choose AA, AE, or AP and use the assigned ZIP.
- For DPO or direct international delivery, ask Envision to confirm eligibility and routing before ordering.

**TO A STATE DESPATCH FACILITY**

- Ask your post's shipping team for the approved U.S. despatch address, post identifier, marking instructions, and any receiving requirements.
- Share these with Envision before ordering so the team can confirm the shipment to that facility.
- Coordinate onward movement with State.

**Carriers:** FedEx International (preferred, typically about one week, with enhanced tracking) or USPS (typically two to three weeks), both at negotiated GSA rates. Confirm restrictions and timing for your route: APO/FPO shipping FAQ | Shipping policy

## Two ways to order

### Order online with pricing up front

**Best for routine and single-item purchases.** Select from the State Department's approved catalog on EnvisionXpress.com. Shipping is calculated at checkout, so you see the total delivered cost before you order.

### Work with our customer service team

**Best for larger, recurring, or special orders.** Request a quote and we'll consolidate quantities, apply volume pricing, coordinate shipments, and set up scheduled or recurring deliveries. Include your post name, items or NSNs, quantities, needed-by date, and delivery route.

## One team to help you move forward

AbilityOne creates employment for people who are blind or have significant disabilities. Envision, a participating nonprofit, supports jobs for people who are blind or have low vision through 16 Base Supply Centers and an online store.
